

Majestic Mountain Sage, Inc.

MATERIAL SAFETY DATA SHEET

Identity: Candelilla Wax
INCI: Euphorbia Cerifera (Candelilla) Wax

SECTION 1: Company Identification

Company Name: Majestic Mountain Sage, Inc.
Address: 918 West 700 North Ste 104, Logan UT 84321
Telephone: 435.755.0863
Date Prepared: May 21, 2003

SECTION 2: Hazardous Ingredient/Identity Information

Hazard summary: This product is not regulated under OSHA Hazard Communication Standard 29 CFR 1910.1200 or Sara Title III.

CAS No.: 8006-44-8 Candelilla Wax

Ingredients not precisely identified are proprietary and nonhazardous. All ingredients appear on the EPA TSCA Inventory. Values are not product specifications.

SECTION 3: Physical Data

Melting Point: 68.5-72.5°C	NFPA Rating:	Health: 0
Solubility in water: Insoluble		Flammability: 1
Specific gravity: 0.950-0.960		Reactivity: 0
Appearance: Waxy solid		

SECTION 4: Fire & Explosion Hazard Data

Flash Point and Method: 554°F, ASTM D-92

Extinguishing media: Use dry chemical, foam or carbon dioxide

Special fire fighting protective equipment: Water may be ineffective, but can be used to cool containers exposed to heat or flame. Caution should be exercised when using water or foam, as frothing may occur, especially if sprayed into containers of hot, burning liquid.

Unusual fire and explosion hazards: Products of combustion may contain carbon monoxide, carbon dioxide and other toxic materials. Do not enter enclosed or confined space without proper protective equipment including respiratory protection

SECTION 5: Reactivity Data

Stability: Stable

Incompatibility (materials to avoid): May react with strong oxidizing agents.

Hazardous polymerization: Will not occur

SECTION 6: Health Hazard Assessment

Primary route of exposure/entry: Skin

Ingestion: May cause abdominal discomfort.

Eye contact: This product is non-irritating to the eyes upon direct contact.

Skin contact: This product is not expected to cause skin irritation.

Inhalation: This product is not known to present an inhalation hazard.

First aid procedures:

Skin: Remove contaminated clothing. If material is hot, submerge injured area in cold water. If victim is severely burned, remove to hospital immediately.

Eyes: Immediately flush eyes with large amounts of water and continue flushing for 15 minutes. If material is hot, treat for thermal burns and take victim to hospital immediately.

Ingestion: Do not induce vomiting. (Never give anything by mouth to an unconscious person).

Inhalation: This material has a low vapor pressure and is not expected to present an inhalation exposure at ambient conditions. If vapor or mist is generated when the material is heated or handled, remove victim from exposure. If breathing has stopped or is irregular, administer artificial respiration and supply oxygen if it is available. If victim is unconscious, remove to fresh air and seek medical attention.

SECTION 7: Spill or Leak Hazard Assessment

Steps to be taken in case material is released or spilled: Notify appropriate authorities of spill. Contain spill immediately. Do not allow spill to enter sewers or water sources. Remove all sources of ignition. Absorb with appropriate inert material, such as sand, clay, etc. Large spills may be picked up using vacuum pumps, shovels, buckets or other means and placed in drums or other suitable containers.

Disposal method: Remove to landfill or incinerate in accordance with Federal, State and Local Regulations.

CAUTION: If regulated solvents are used to clean up spilled material, the resulting waste mixture may be regulated. DOT regulations may apply for transporting this material when spilled. Waste material may be landfilled or incinerated at an approved facility. Materials should be recycled if possible.

Container disposal: Dispose of in accordance with State, Federal and Local regulations.

SECTION 8: Special Protection Information

Ventilation: As needed to comply with exposure limit

Respiratory protection (specify type): None normally needed

Protective clothing: None normally needed

Eye protection: Normal protection against foreign substances as needed; safety goggles

Other protective equipment: None normally needed.

SECTION 9: Special Precautions or Other Comments

Precautions to be taken in handling and storing: Do not transfer to unmarked containers. Store in closed containers away from heat, open flame or oxidizing materials. This product is not classified as hazardous under DOT regulations.

NOTE: The information in this MSDS is compiled from sources considered to be accurate to the best of our knowledge and applies to activities within the scope of the intended use of the product as a vegetable/seed oil. No warranty is expressed or implied with respect to completeness or continuing accuracy of the information given here. User should satisfy themselves that they have all current data relevant to their particular use.
