

Majestic Mountain Sage, Inc.

MATERIAL SAFETY DATA SHEET

Identity: Cinnamon Leaf Essential Oil

SECTION I

Company Name: Majestic Mountain Sage, Inc.
Address: 918 West 700 North Ste 104, Logan UT 84321
Telephone: 435.755.0863
Date Prepared: March 14, 2003

SECTION II: Hazardous Ingredients/Identity Information

This is a natural essential oil.

SECTION III: Physical/Chemical Characteristics

Flash point (and method): 190°F (Closed Cup Method)
Specific Gravity: 1.0550 @ 20°C
Solubility in Water: Not soluble
Vapor Pressure: <1 mmHg at 20 °C
Vapor Density: N/A (air = 1)
Boiling Point: 245 °C
Melting Point: N/A °C
Appearance and Odor: Clear yellow to amber orange liquid

SECTION IV: Fire and Explosion Hazard Data

Extinguishing Media: CO₂, Dry Chemical or Chemical Foam
Special Fire Fighting Procedures: Cool containers exposed to flame with water.
Unusual Fire and Explosion Hazards: None, material is not pyrophoric. Does not react with water, not an oxygen donor. This material is a Class III A Combustible Liquid.

SECTION V: Reactivity Data

Stability: Under normal storage and handling conditions, this is a stable material.
Incompatibility (conditions/materials to avoid): Keep away from heat and flames. Avoid contact with strong oxidizing materials.
Hazardous Decomposition or By Products: Forms carbon monoxide and/or dioxide upon burning.
Hazardous Polymerization: [] May occur [X] Will not occur

SECTION VI: Occupational Exposure Limit

Threshold Limit Value (TLV): Not Established

Has the substance been listed as a carcinogen or potential carcinogen in the ‘Annual Report on Carcinogens’ published by NTP, the International Agency for Research on Cancer, or by OSHA? No.

This material is a natural essential oil. Liquid may irritate eyes and skin or cause dermatitis.

SECTION VII: Emergency and First Aid Procedures

Skin: Remove contaminated clothing and wash material and skin with copious amounts of soap and water. If redness, itching or a burning sensation develops, get medical attention. Wash contaminated clothing before reuse.

Ingestion: Material at the concentration supplied is not for ingestion, consult medical personnel. (Never give anything by mouth to an unconscious person).

Inhalation: Remove victim to fresh air. If cough or other respiratory symptoms develop, consult medical personnel.

Eyes: Immediately flush eyes with copious amounts of water for at least 15 minutes. Do not let victim rub eyes. If redness, itching or a burning sensation develops, have eyes examined and treated by medical personnel.

SECTION VIII: Personal Protection

Eyes: Use OSHA approved safety glasses.

Respiratory Protection: Avoid casual breathing.

Ventilation: A local exhaust system is recommended (explosion proof).

Protective Gloves: Wear protective gloves.

Other Protective Clothing and Equipment: Evaluate need based on particular application.

Work/Hygienic Practice: Use good personal hygiene practices; limit exposure to product whenever possible to minimize clean-up.

SECTION IX: Spill or Leak Procedures

Steps to be taken in case material is released or spilled: Small spills wipe up with paper rags and place contaminated items in closed metal waste container. For large spills use non-flammable absorbent.

Waste Disposal Method: Sanitary landfill in accordance with local, state and federal regulations.

NOTE: The information in this MSDS is compiled from sources considered to be accurate to the best of our knowledge and applies to activities within the scope of the intended use of the product. No warranty is expressed or implied with respect to completeness or continuing accuracy of the information given here. User should satisfy themselves that they have all current data relevant to their particular use.
