High temperatures can lead to high pressure inside closed containers. Avoid inhalation of vapors that are created. Use appropriate respiratory protection. Do not allow spillage of extinguished fire to be poured into drains or water courses.

SECTION 6: Accidental Release Measures

6.1 Personal Precautions, Protective Equipment and Emergency Procedures

Eliminate sources of ignition and ventilate the area. Avoid inhalation of vapors; use an appropriate respirator.

6.2 Environmental Precautions

Keep spills out of municipal sewers and open bodies of water.

6.3 Methods and Material for Containment and Cleaning Up

Contain and absorb spill with inert inorganic non-combustible, material, such as sand or earth and remove it to a container for disposal according to local regulations. Clean the surface thoroughly to remove residual contamination. Avoid open flames or sources of ignition (e.g. pilot lights on gas hot water heater). Ventilate area and wash spill site after material pickup is complete. Dispose of in accordance with current laws and regulations.
