SECTION 4: First aid measures**4.1 Description of first aid measures****General Advice**

If symptoms persists, call a physician. Do not breathe dust/fume/gas/mist/vapors/spray. Do not get in eyes, on skin, or on clothing.

Eye Contact

Immediately flush with plenty of water. After initial flushing, remove contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. If symptoms persist, call a physician.

Skin Contact

Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing before reuse. If skin irritation persists, call a physician. Immediate medical attention is not required.

Ingestion

Do NOT induce vomiting. Rinse mouth with water and drink plenty of water. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician.

Inhalation

Move to fresh air in case of accidental inhalation of vapors or decomposition products. If breathing is irregular or stopped, administer artificial respiration or use barrier to give mouth-to-mouth resuscitation. Avoid direct contact with skin. Immediate medical attention is not required. If symptoms persist, call a physician.

Protection of First - Aiders

Use personal protective equipment

4.2 Most important symptoms and effects, both acute and delayed

4.3 Indication of any immediate medical attention and special treatment needed
