

Sugar Baby Flavor Oil

Safety Data Sheet

SECTION 1: Identification of the substance/mixture and of the company/undertaking

- 1.1 Product name:** Sugar Baby Flavor Oil
Product code: 310-158X
- 1.2 Intended use:** Compound used in customer substance/mixture/product.
- 1.3 Supplier:** Majestic Mountain Sage Inc
2490 S 1350 W
Nibley, 84321 - United States of America
T 435.755.0863 - F 435.755.2108
www.TheSage.com
- 1.4 Emergency telephone number**
No additional information available

SECTION 2: Hazards Identification

2.1 GHS Classification

No GHS Classifications were found

2.2 Label Elements

No GHS Symbols Exist

2.3 Signal Word

No Signal Word has been assigned

SECTION 3: Composition/information on ingredients

3.1 Substances

Chemical Name	CAS-No	Weight %	GHS Symbols	GHS Statements
---------------	--------	----------	-------------	----------------

No hazardous items exist

SECTION 4: First aid measures

4.1 Description of first aid measures

General Advice	Show this material safety data sheet to the doctor in attendance.
Eye contact	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. If symptoms persist, call a physician.
Skin contact	Immediate medical attention is not required. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing before reuse. If skin irritation persists, call a physician.
Ingestion	Clean mouth with water and drink plenty of water afterward. Never give anything by mouth to an unconscious person. Call a physician if feeling unwell. Do NOT induce vomiting.
Inhalation	Move to fresh air in case of accidental inhalation of vapors or decomposition products. Immediate medical attention is not required. If symptoms persist, call a physician.
Self-protection of the first aider:	Remove all sources of ignition. Use personal protective equipment.

4.2 Most important symptoms/effects, acute and delayed

Not available

4.3 Indication of immediate medical attention and special treatment needed, if necessary

Note to physicians: Treat symptomatically. May cause sensitization in susceptible persons.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable Extinguishing Media

Water spray/mist, Foam, Carbon Dioxide (CO₂), and Dry Chemical. Water may be used to cool off containers.

Extinguishing media which shall not be used for safety reasons

Do not use a solid water stream as it may scatter and spread fire.

5.2 Special hazards arising from the substance or mixture

Special Hazard: None

5.3 Advice for Firefighters

Special protective equipment for fire-fighters

As in any fire, wear self-contained breathing apparatus and full protective gear.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Remove all sources of ignition. Evacuate personnel to safe areas. Ensure adequate ventilation. Use personal protective equipment. Keep away from and upwind of spill/leak. Pay attention to flashback. Take precautionary measures against static discharges. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas. Avoid breathing vapors, mist or gas.

See Section 8 for personal protection.

6.2 Environmental precautions

Prevent product from entering drains. Prevent further leakage or spillage if safe to do so.

6.3 Methods and materials for containment and cleaning up

Soak up with solid absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Place into appropriate waste container for disposal according to local regulations.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Ensure adequate ventilation. Keep away from open flames, hot surfaces and sources of ignition. Use only in area provided with appropriate exhaust ventilation. Use personal protective equipment as required. Do not breathe dust, fumes, gas, mist, vapors, spray. Keep away from heat, sparks and open flame. No smoking.

7.2 Conditions for safe storage, including any incompatibilities

Keep tightly closed in a dry and cool place. Keep in properly labeled containers. Keep containers tightly closed in a cool, well-ventilated place. Keep away from heat.

7.3 Specific end use(s)

Exposure scenario	N/A
Other Guidelines	N/A

SECTION 8: Exposure controls/personal protection

8.1 Personal Protection

Respiratory Protection: Proper ventilation, engineering controls, such as local exhaust ventilation, and if necessary, a NIOSH certified respirator with appropriate cartridge is highly recommended.

Skin Protection: Chemical resistant gloves recommended

Eye Protection: Wear safety glasses with side shields or goggles.

Hygienic Practices: Always observe good personal hygiene measures, such as washing your hands after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

SECTION 9: Physical and chemical properties

9.1 Information on Basic Physical and Chemical Properties

Physical State:	Liquid
Appearance:	Clear to hazy liquid
Odor:	Conforms to Standard

Property	Values
pH	2.76
Melting/freezing point	N/A
Boiling point/boiling range	36° C
Flash Point	>93°C / >200°F
Evaporation Rate	Not measured
Flammability (solid, gas)	N/A
Flammability Limits in Air	N/A
Vapor pressure mm Hg 20°C	Not measured
Vapor density	Not measured
Relative density	N/A
Specific gravity (typical)	0.97
Refractive Index	N/A
Water solubility	Insoluble
Autoignition temperature	Not measured
Decomposition temperature	Not measured
Explosive properties	No information available
Oxidizing properties	No information available

SECTION 10: Stability and reactivity

10.1 Reactivity	This product is non-reactive under normal conditions of use, storage, and transport.
10.2 Chemical stability	Stable under normal conditions.
10.3 Possibility of hazardous Reactions	No dangerous reactions known under conditions of normal use.
10.4 Conditions to avoid	Heat, flames and sparks. Extremes of temperature and direct sunlight.
10.5 Incompatible Materials	Keep away from strong oxidizing agents, heat, and open flames.
10.6 Hazardous Decomposition Products	When heated, may product unpleasant fumes and/or smoke. Combustion may produce Carbon Monoxide and/or Carbon Dioxide.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Effect of Overexposure

Inhalation	No adverse effects due to inhalation are expected under normal use.
Eye contact	Not expected to cause eye problems under normal use conditions.
Skin contact	Not expected to cause skin problems under normal use conditions.
Ingestion	Under normal use conditions this product is not expected to cause adverse health effects.
Acute toxicity	There is no data available for this product.
Carcinogenicity	This product does not contain any carcinogenic substances as classified by IARC, NTP, ACGIH, or OSHA.

11.2 Acute Toxicity Values

The acute effects of this product have not been tested. Data on individual components are tabulated below.

CAS-No.	Chemical Name	Oral LD50	Dermal LD50	Vapor LC50
---------	---------------	-----------	-------------	------------

No hazardous items exist

SECTION 12: Ecological information

12.1 Ecological Information:

Normal recommended use releases little of the product to the environment. Responsible manufacturing application should include provision for spill containment and measure to control loss of volatiles.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Waste from residues/unused products

Do not discharge into drains, water courses, or onto the ground. Do not allow this material to drain into the sewers/water supplies. Do not contaminate ponds, waterways or ditches with material or used container. Dispose of material in accordance with applicable federal, state and local regulations.

Contaminated packaging

Empty containers should be taken to an approved waste handling site for recycling or disposal.

Other Information

According to the European Waste Catalogue, Waste Codes are not product specific, but application specific Waste Codes should be assigned by the user based on the application for which the product was used.

SECTION 14: Transport information

14.1 Transport Information

DOT

UN / ID No	N/A
Proper shipping name	N/A
Hazard Class	N/A
Packing Group	N/A
ERG Code	N/A

Additional Info: Not Regulated per 49 CFR 172.101

IMDG / IMO

Proper shipping name N/A
Hazard Class N/A
UN/ID No N/A
Packing Group N/A
Marine pollutant N/A
Additional Info: Not Regulated per 49 CFR 172.101

ICAO / IATA

UN / ID No: N/A
Proper shipping name: N/A
Hazard Class: N/A
Packing Group: N/A
ERG Code: N/A
Additional Info: Not Regulated per 49 CFR 172.101

SECTION 15: Regulatory information

15.1 International Inventories

TSCA	Complies
EINECS / ELINCS	Complies
DSL / NDSL	Complies
PICCS	Complies
ENCS	Complies
IECSC	Complies

KECL	Complies

Legend

TSCA: United States Toxic Substances Control Act Section 8(b) Inventory
EINECS/ELINCS: European Inventory of Existing Chemical Substances/ European List of Notified Chemical Substances
DSL/NDSL: Canadian Domestic Substances List/Non-Domestic Substances List
PICCS: Philippines Inventory of Chemicals and Chemical Substance
ENCS: Japan Existing and New Chemical Substances
IECSC: China Inventory of Existing Chemical Substances
AICS: Australian Inventory of Chemical Substances
KECL: Korean Existing and Evaluated Chemical Substances

SECTION 16: Other information

WARNING/DISCLAIMER:

This ingredient(s) has not been tested, nor has it been deemed safe, for inhalation or use in electronic smoking devices, electronic nicotine delivery systems, electronic cigarettes or other similar devices (collectively "E-Cigarettes"). In supplying this ingredient, Majestic Mountain Sage instructs, and by receiving the ingredient recipient confirms, that this ingredient will not be used in connection with the manufacture and distribution of E-Cigarettes or any component thereof.

This safety data sheet is based on the properties of the material known at the time the data sheet was issued. The safety data sheet is intended to provide information for a health and safety assessment of the material and the circumstances, under which it is packaged, stored or applied in the workplace. For such a safety assessment holds no responsibility. This document is not intended for quality assurance purposes.
