SECTION 1: Identification of the Substance/Mixture and of the Company/Undertaking

1.1 Product Name: Sodium Hydroxide
   Product Code: 519-120X

1.2 Intended Use: Compound used in customer substance/mixture/product. NaOH is used in the production of other chemicals, both organics and inorganics, also used in the sectors pulp and paper industry, aluminum and metal industry, food industry, water treatment, textile, and production of soaps, mineral oils, bleach, phosphates, cellulose, rubber and others.

1.3 Supplier: Majestic Mountain Sage Inc
   2490 S 1350 W
   Nibley, 84321 - United States of America
   T 435.755.0863 - F 435.755.2108
   www.TheSage.com

1.4 Emergency Telephone Number
   No additional information available

SECTION 2: Hazards Identification

2.1 Classification of the Substance or Mixture
   Classification According to Regulation (EC) No. 1272/2008 [CLP]
   Corrosive to metals, Category 1 (H290)
   Skin corrosion/irritation, Category 1A (H314)
   Serious eye damage/eye irritation, Category 1 (H318)

2.2 Label Elements
   Signal Word: Danger
Hazard Statements

- H290: May be corrosive to metals.
- H314: Causes severe skin burns and eye damage.

Precautionary Statements

- P260: Do not breathe dust/fume/gas/mist/vapors/spray.
- P280: Wear protective gloves/protective clothing/eye protection/face protection.
- P303+P361+P353: IF ON SKIN (or hair): Immediately remove/take off all contaminated clothing. Rinse skin with water/shower.
- P310: Immediately call a POISON CENTER or doctor/physician.
- P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing.
- P501: Dispose of contents/container in accordance with local/national regulations.

EU Specific Hazard Statements

None

2.3 Other Hazards

No data available

SECTION 3: Composition/Information on Ingredients

SECTION 4: First Aid Measures

4.1 Description of First Aid Measures

General Advice
Remove contaminated clothing and shoes. Do not get in eyes, on skin, or on clothing. Do not breathe dust/fume/gas/mist/vapors/spray. In the case of skin irritation or allergic reactions see a physician. In case of accident or unwellness, seek medical advice immediately (show directions for use or safety data sheet if possible.

Inhalation
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.

Skin Contact
Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing before reuse. If skin irritation persists, call a physician.

Eye Contact
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Ingestion
Rinse mouth. Get medical attention. Never give anything by mouth to an unconscious person.

4.2 Most Important Symptoms/Effects, Acute and Delayed

4.3 Indication of Immediate Medical Attention and Special Treatment Needed

Treat symptomatically and supportively.
Treatment may vary with condition of victim and specifics of incident.
SECTION 5: Firefighting Measures

5.1 Extinguishing Media

Suitable: Powder, alcohol-resistant foam, water spray, carbon dioxide.

Unsuitable: No information available.

5.2 Special Hazards Arising from the Substance or Mixture
Not combustible.

5.3 Advice for Firefighters
Evacuate personnel to safe areas. Move containers from fire area if you can do it without risk. Cool drums with water spray. Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Stay upwind. Ensure adequate ventilation, especially in confined areas.

SECTION 6: Accidental Release Measures

6.1 Personal Precautions, Protective Equipment and Emergency Procedures
Evacuate personnel to safe areas. Keep away from heat, sparks, flame and other sources of ignition. Ensure adequate ventilation, especially in confined areas. Use personal protection recommended in section 8. Avoid contact with skin, eyes or clothing. Avoid generation of dust. Avoid breathing dust. Do not eat, drink or smoke when using this product. Wash thoroughly after handling.

6.2 Environmental Precautions
Prevent entry into waterways, sewers, basements or confined areas.

6.3 Methods and Materials for Containment and Cleaning Up
Sweep and shovel into suitable containers for disposal. Avoid generation of dust. Avoid breathing dust.

6.4 Reference to Other Sections
See Section 7 for more information
See Section 8 for more information
See Section 12 for more information
SECTION 7: Handling and Storage

7.1 Precautions for Safe Handling
Handle in accordance with good industrial hygiene and safety practice. Do not handle until all safety precautions have been read and understood. Keep away from heat, sparks, flame and other sources of ignition. Ensure adequate ventilation, especially in confined areas. Use personal protection recommended in Section 8. Avoid generation of dust. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Wash thoroughly after handling.

7.2 Conditions for Safe Storage, Including Any Incompatibilities
Keep containers tightly closed in a dry, cool and well-ventilated place. Keep away from heat, sparks, flame and other sources of ignition. Keep locked up and out of reach of children. Keep away from food, drink, and animal feeding stuffs. Store in accordance with local regulations.

7.3 Specific End Uses
Apart from the uses mentioned in Section 1.2 no other specific uses are stipulated.

SECTION 8: Exposure Controls/Personal Protection

8.1 Control Parameters

**Predicted No Effect Concentration (PNEC)**

No information available

**8.2 Exposure Controls**

**Engineering Controls:**

Ensure adequate ventilation, especially in confined areas, Showers. Eyewash stations. Remove all sources of ignition.

**Environmental Exposure Controls:**

Do not allow into any sewer, on the ground or into any body of water.

**8.3 Personal Protective Equipment**

**Eye/Face Protection:**

Wear safety glasses with side shields (or goggles).
Hand Protection: Full contact:
Glove material: Nitrile rubber
Glove thickness: 0.11 mm
Break through time: >480 min

Splash contact:
Glove material: Nitrile rubber
Glove thickness: 0.11 mm
Break through time: >480 min

Skin and Body Protection: Suitable protective clothing

Respiratory Protection: In case of insufficient ventilation. Wear suitable respiratory equipment.

9.2 Other Information

Molecular Formula: NaOH
Molecular Weight: 40.0 g/mol

SECTION 10: Stability and Reactivity

10.1 Reactivity
Exothermic reaction when solid material is dissolved in water.

10.2 Chemical Stability
No decomposition if used and stored according to specifications

10.3 Possibility of Hazardous Reactions
Strong base, reacts violently with acid and is corrosive in moist air to metals like zinc, aluminum, tin and lead forming a combustible/explosive gas. Reacts with ammonium salts to produce ammonia, causing fire hazard. Attacks some forms of plastics, rubber or coatings.

10.4 Conditions to Avoid
Moisture. Incompatible materials.

10.5 Incompatible Materials
Metals, oxidizing agents, reducing agents, acids, alkalis, moisture.

10.6 Hazardous Decomposition Products
Sodium oxide.

SECTION 11: Toxicological Information

11.1 Information on Toxicological Effects

Acute Toxicity: No data available
Skin Corrosion/Irritation: Causes severe skin burns.
Serious Eye Damage/Irritation: Causes serious eye damage.
Sensitization: Existing data do not demonstrate that NaOH is a skin sensitizer.
Germ Cell Mutagenicity: Negative mutagenicity test support no classification.

SDS Sodium Hydroxide, 519-120X September 28, 2017, page 8 of 12
**Carcinogenicity:**
No data available.

**Reproductive Toxicity:**
Classification for reproductive or developmental toxicity is not necessary since NaOH is not expected to be systemically available in the body under normal handling and use conditions and the substance will not reach the fetus nor reach male and female reproductive organs. (EU RAR, 2007; Section 4.1.2.8, page 73).

**Specific Target Organ Systemic Toxicity (Single Exposure):**
No information available.

**Specific Target Organ Systemic Toxicity (Repeated Exposure):**
No information available.

**Aspiration Hazard:**
No information available.

### SECTION 12: Ecological Information

#### 12.1 Toxicity

<table>

</tr>
</tbody>
</table>

#### 12.2 Persistence and Degradability

NaOH will rapidly dissolve and dissociate in water.

#### 12.3 Bioaccumulative Potential

Bioaccumulation is not relevant for NaOH.

#### 12.4 Mobility in Soil

No information available
12.5 Results of PBT and vPvB Assessment
NaOH does not fulfil the criteria for persistency, bioaccumulation and toxicity. Therefore, NaOH is not considered a PBT or vPvB substance (EU RAR, 2007; Section 3.3.1.2, page 34).

12.6 Other Adverse Effects
No information available.

SECTION 13: Disposal Considerations

13.1 Waste Treatment Methods

Waste From Residues/Unused Products: Disposal should be in accordance with applicable local, regional, national and international laws and regulations.

Contaminated Packaging: Disposal should be in accordance with applicable local, regional, national and international laws and regulations.

SECTION 14: Transport Information

14.1 UN Number 1823
14.2 UN Proper Shipping Name SODIUM HYDROXIDE, SOLID
14.3 Transport Hazard Class(es) 8
14.4 Packing Group II
14.5 Environmental Hazards Non-marine pollutant
14.6 Special Precautions for User No information available
14.7 Transport in Bulk According to Annex II of MARPOL and the IBC Code Not applicable
SECTION 15: Regulatory Information

15.1 Safety, Health and Environmental Regulations/Legislation Specific for the substance or mixture

**European Union**

15.2 Chemical safety Assessment
A Chemical Safety Assessment has been carried out for this substance.

SECTION 16: Other Information

16.1 Key or Legend to Abbreviations and Acronyms Used in the Safety Data Sheet

- **TWA** - Time Weighted Average
- **STEL** - Short Term Exposure Limit
- **Ceiling** - Maximum limit value
- **TSCA** - Toxic Substances Control Act Section 8(b) Inventory
- **DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List
- **EINECS/ELINCS** - European Inventory of Existing Commercial Chemical Substances/European List of Notified Chemical Substances
- **ENCS** - Japanese Existing and New Chemical Substances
- **IECSC** - Chinese Inventory of Existing Chemical Substances
16.2 Full Text of H-Statements Referred to Under Section 3

H290 - May be corrosive to metals
H314 - Causes severe skin burns and eye damage
H318 - Causes serious eye damage

Notes:
This safety data sheet is based on the properties of the material known at the time the data sheet was issued. The safety data sheet is intended to provide information for a health and safety assessment of the material and the circumstances, under which it is packaged, stored or applied in the workplace. For such a safety assessment holds no responsibility. This document is not intended for quality assurance purposes.
