

Coconut Oil Fractions

Safety Data Sheet

SECTION 1: Identification of the substance/mixture and of the company/undertaking

Product name: Coconut Oil Fractions
Product code: 300-570X

Supplier:
Majestic Mountain Sage Inc
2490 S 1350 W
Nibley, UT 84321 - United States of America
T 435.755.0863 - F 435.755.2108
www.TheSage.com

HMIS
Health: 1
Flammability: 1
Reactivity: 0

Gloves & Safety Glasses

Emergency telephone number
No additional information available

SECTION 2: Hazards identification

GHS Classification

No classification is assigned, based on classification criteria. Review the entire data sheet for any additional information which did not result in a GHS classification.

GHS LABEL ELEMENTS

Symbol(s): None needed according to classification criteria.
Signal Word: None needed according to classification criteria.
Hazard Statement(s): None needed according to classification criteria.
Precautionary Statement(s): None needed according to classification criteria.
Prevention: None allocated.
Response: None allocated.

SECTION 3: Composition/information on ingredients

INCI Name: Caprylic/Capric Triglyceride
CAS Number(s): 6538-09-1, 73398-61-5

SECTION 4: First aid measures

First-aid measures general:	Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).
First-aid measures after inhalation:	Assure fresh air breathing. Allow the victim to rest.
First-aid measures after skin contact:	Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.
First-aid measures after eye contact:	Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persist.
First-aid measures after ingestion:	If person is conscious, give large amounts of water. Seek medical help.
Symptoms/injuries:	Not expected to present a significant hazard under anticipated conditions of normal use.

SECTION 5: Firefighting measures

Suitable extinguishing media:	Water fog, foam, carbon dioxide or dry chemical.
Unsuitable extinguishing media:	Do not use a heavy water stream to avoid spreading fire to other areas.
Firefighting instructions:	Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.
Protection during firefighting:	Toxic gases such as carbon monoxide may be released during fire. Use positive-pressure, self-contained breathing apparatus and full protective clothing.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Emergency procedures: Evacuate unnecessary personnel.

For emergency responders

Protective equipment: Equip cleanup crew with proper protection.

Emergency procedures: Ventilate area.

Environmental precautions: Product is biodegradable

Methods for cleaning up: Soak up spills with inert solids, such as clay or diatomaceous earth, as soon as possible. Collect spillage. Store away from other materials.

SECTION 7: Handling and storage

Precautions for safe handling: Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor.

Storage conditions: Keep only in the original container in a cool, well ventilated place. Keep container closed when not in use.

SECTION 8: Exposure controls/personal protection

OSHA Permissible Exposure Limit (PEL): None established

Personal protective equipment: Not needed for normal use

Hand protection: Wear protective gloves.

Eye protection: Chemical goggles or safety glasses.

Respiratory protection: None

Other information: Use good personal hygiene, washing exposed areas of skin several times daily and laundering contaminated clothing before re-use.

SECTION 9: Physical and chemical properties

Physical state:	Liquid
Color:	Colorless liquid
Odor:	Mild
Odor threshold:	No data available
pH:	No data available
Relative evaporation rate (butyl acetate=1):	No data available
Melting point:	No data available
Freezing point:	No data available
Boiling point:	>200°C (392°F)
Flash point:	>175°C (COC) (347°F)
Auto-ignition temperature:	No data available
Decomposition temperature:	No data available
Flammability (solid, gas):	No data available
Vapor pressure:	<0.01 mm Hg @ 20°C (68°F)
Relative vapor density at 20 °C:	No data available
Relative density:	No data available
Density:	0.940 @ 25°C
Solubility:	Insoluble in water
Water:	No data available
Log Pow:	No data available
Log Kow:	No data available
Viscosity, kinematic:	No data available
Viscosity, dynamic:	No data available
Explosive properties:	No data available
Oxidizing properties:	No data available
Explosive limits:	No data available
Fat solubility:	No data available

SECTION 10: Stability and reactivity

Reactivity:	No additional information available
Chemical stability:	This product is stable under most circumstances.
Possibility of hazardous reactions:	Not established.
Conditions to avoid:	This product is not reactive to water.
Hazardous decomposition products:	Thermal decomposition products can include toxic oxides of carbon.
Hazardous polymerization:	Will not occur.

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity:	Not classified
Skin corrosion/irritation:	Not an irritant
Serious eye damage/irritation:	Not an irritant
Respiratory or skin sensitization:	Not classified
Germ cell mutagenicity:	Not classified
Carcinogenicity:	Not classified
Reproductive toxicity:	Not classified
Specific target organ toxicity (single exposure):	Not classified
Specific target organ toxicity (repeated exposure):	Not classified
Aspiration hazard:	Not classified
Potential Adverse human health effects and symptoms:	Based on available data, the classification criteria are not met.

SECTION 12: Ecological information

Toxicity:	No additional information available
Persistence and degradability:	Product is biodegradable.
Bioaccumulative potential:	Not established.
Mobility in soil:	No additional information available
Effect on ozone layer:	No additional information available
Effect on the global warming:	No additional information available
Other information:	Avoid release to the environment.

SECTION 13: Disposal considerations

Waste disposal recommendations:	Material can be land filled or incinerated in accordance with local and federal regulations.
Ecology - waste materials:	Avoid release to the environment.

SECTION 14: Transport information

In accordance with DOT:	Not regulated for transport
DOT proper shipping name:	Fatty Acid Ester
Transport by sea:	No additional information available
Air transport:	No additional information available

SECTION 15: Regulatory information

TSCA: This product is on the TSCA Inventory List.

Hazards: None

California Proposition 65 - This product contains the following substances known to the State of California to cause cancer, birth defects, or other reproductive harm per the Safe Drinking Water and Toxic Enforcement Act of 1986:

Ingredients: None

International regulations

CANADA: No additional information available

EU-Regulations: No additional information available

National regulations: No additional information available

US State regulations: No additional information available

SECTION 16: Other information

Other information : None

Date: March 2013

The information contained within this Material Safety Data Sheet is based on our present knowledge. The data here does not guarantee any specific product features or suitability of this product for user's application. User should satisfy themselves that information is complete. No warranty is expressed or implied with respect to completeness or continuing accuracy of the information given here.
