

Section 1: Identification of the Substance/Mixture and of the Company/Undertaking

- 1.1 Product Name:** Clay, Red (Morocco)
Product Code: 502-150X
- 1.2 Intended Use:** Compound used in customer substance/mixture/product.
- 1.3 Supplier:** Majestic Mountain Sage Inc
2490 S 1350 W
Nibley, UT 84321 - United States of America
T 435.755.0863 - F 435.755.2108
www.TheSage.com
- 1.4 Emergency Telephone Number**
No additional information available.

SECTION 2: Hazards Identification

- 2.1 Classification**
Not classified as a hazardous material.
- 2.2 Label Elements**
Not applicable.
- 2.3 Other Hazards**
None known.

SECTION 3: Composition/Information on Ingredients

3.1 Substance

Chemical Name	CAS No.	Weight %
Kaolin (Red)	1332-58-7	100%

SECTION 4: First Aid Measures

4.1 Description of First Aid Measures

General Advice:	Have product container, label elements and Safety Data Sheet as hand if medical advice is needed.
Eye Contact:	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Get medical attention if symptoms persist.
Skin Contact:	If symptoms occur, rinse cautiously with water for several minutes. Get medical attention is symptoms persists.
Inhalation:	The person should be taken outside into the open air, away from dust. Get medical attention if symptoms occur.
Ingestion:	Get medical attention if symptoms persists. Do not induce vomiting without medical attention.

4.2 Most Important Symptoms and Effects, Both Acute and Delayed

An excessive production of dust may cause slight irritation of the eyes and respiratory tract. No delayed effect has been recorded.

4.3 Indication of Any Immediate Medical Attention and Special Treatment Needed

None.

SECTION 5: Firefighting Measures

5.1 Extinguishing Media

Suitable:	This product is not flammable and non-explosive. No specific firefighting measure is required.
Unsuitable:	No unsuitable extinguishing media.

5.2 Specific Hazards Arising From the Chemical

No information available.

Explosion Data

Sensitivity to Mechanical Impact: None.

Sensitivity to Static Discharge: None.

5.3 Protective Equipment and Precautions for Firefighters

No specific care is recommended.

SECTION 6: Accidental Release Measures

6.1 Personal Precautions, Protective Equipment and Emergency Procedures

Avoid dust formation. Avoid inhaling dust. In case of dust formation, wear an anti-dust mask.

6.2 Environmental Precautions

No specific precaution. See Section 12 for additional Ecological Information.

6.3 Methods and Material for Containment and Cleaning up

Vacuum the spilled product (to avoid raising dust). Avoid moistening the product (wet clay can be slippery). Deal with the recovered product as indicated in Section 13. Keep in sealed containers.

SECTION 7: Handling and Storage
--

7.1 Precautions for Safe Handling

Reduce as much as possible dust formation and use adequate ventilation system. If the ventilation system of the premises is not sufficient, wear a respiratory gear type FFP3. Avoid eye contact. The product can be slippery when wet. The product is not flammable, no specific firefighting measure is recommended. Minimize environment release, using filters for ventilation systems for example. Do not eat, drink, and smoke in working areas. Wash your hands after every use. Remove soiled clothes and protective equipment before getting into a catering area.

7.2 Conditions for Safe Storage, Including Any Incompatibilities

Storage Conditions:

Keep the product in its closed container in a dry and well-ventilated area. Keep the container closed to avoid dust formation.

Incompatible Materials:

None known based on information supplied.

SECTION 8: Exposure Controls/Personal Protection

8.1 Control Parameters

Exposure Guidelines:

Respect the regulatory provisions for dust (inhalable and breathable).

8.2 Appropriate Engineering Controls

Avoid producing dust airborne. Opt for collective protective equipment in order to avoid creating dust: use closed precessed, a well-adapted exhaust ventilation or any other process that can keep airborne concentrations below the specified exposure limits. Organizational measures can be taken such as isolating staff from dusty areas for example.

8.3 Individual Protection Measures, Such as Personal Protective Equipment

Eye/Face Protection: Wear safety glasses if airborne dust generation.

Skin/Body Protection: Wearing gloves is advised.

Respiratory Protection: Wear a respiratory equipment type FFP3 if airborne dust generation.

SECTION 9: Physical and Chemical Properties

9.1 Information on Basic Physical and Chemical Properties

Physical State:	Solid
Appearance:	Powder
Color:	Red
Odor:	Odorless
Odor Threshold:	No information available

<u>Property</u>	<u>Values</u>
pH:	Between 5 and 9
Melting/Freezing Point:	No information available
Boiling Point/Range:	No information available
Flash Point:	No information available
Evaporation Rate:	No information available
Flammability (solid, gas):	Not flammable

Flammability Limit in Air	
Upper Flammability Limit:	No information available
Lower Flammability Limit:	No information available
Vapor Pressure:	No information available
Vapor Density:	No information available
Relative Density:	No information available
Water Solubility:	No information available
Solubility in Other Solvents:	No information available
Partition Coefficient:	No information available
Auto-ignition Temperature:	No information available
Decomposition Temperature:	No information available
Kinematic Viscosity:	No information available
Dynamic Viscosity:	No information available
Explosive Properties:	No information available
Oxidizing Properties:	No information available

SECTION 10: Stability and Reactivity

10.1 Reactivity

The product is stable and inert.

10.2 Chemical Stability

The product is stable.

10.3 Possibility of Hazardous Reactions

None identified.

10.4 Conditions to Avoid

None identified.

10.5 Incompatible Materials

No incompatible materials identified.

10.6 Hazardous Decomposition Products

No hazardous decomposition product identified.

SECTION 11: Toxicological Information

11.1 Information on Toxicological Effects

No information available.

SECTION 12: Ecological Information

12.1 Ecotoxicity

No known ecological hazards are associated with this product.

12.2 Persistence and Degradability

No information available

12.3 Bioaccumulation

No information available

12.4 Mobility in Soil

No information available.

12.5 Results of PBT and vPvB Assessments

No information available

12.6 Other Adverse Effects

No information available

SECTION 13: Disposal Considerations

13.1 Waste Treatment Methods

Waste must be discharged in compliance with local, state, and federal regulations.

SECTION 14: Transport Information

14.1 DOT (US)

Not regulated.

14.2 IMDG

Not regulated.

14.3 IATA

Not regulated.

SECTION 15: Regulatory Information

15.1 U.S. Federal and State Regulations

No information available.

SECTION 16: Other Information

Notes:

This safety data sheet is based on the properties of the material known at the time the data sheet was issued. The safety data sheet is intended to provide information for a health and safety assessment of the material and the circumstances, under which it is packaged, stored or applied in the workplace. For such a safety assessment holds no responsibility. This document is not intended for quality assurance purposes.
